The 2022 Ghana Demographic and Health Survey (2022 GDHS) was implemented by the Ghana Statistical Service (GSS). The funding for the GDHS was provided by the Government of Ghana, the United States Agency for International Development (USAID), the U.S. President's Malaria Initiative (PMI), UNFPA, UNICEF, the World Bank, the Global Fund, and the Korean International Cooperation Agency (KOICA), World Health Organisation (WHO) and the Foreign, Commonwealth and Development Office (UK-FCDO). ICF provided technical assistance through The DHS Program, a USAID-funded project providing support and technical assistance in the implementation of population and health surveys in countries worldwide.

The contents of this report are the sole responsibility of the GSS and ICF and do not necessarily reflect the views of USAID, the United States Government, or other donor agencies.
